1. INTRODUCTION

The Trust is committed to embedding a high performance culture, where staff are clear about how they contribute and be empowered to drive their own performance.

2. PURPOSE

This policy sets out the framework for a fair and consistent assessment of individual performance within the context of the School Improvement Plan and their own developmental needs and development planning.

3. APPLICATION OF THE POLICY

The policy applies to all Support Staff except those who are the subject of capability procedures.

4. APPRAISAL

4.1 The Appraisal Cycle

Support staff will be reviewed on an annual basis. The support staff appraisal cycle will run from 1st November to 31st October. Where a member of support staff starts their employment part-way through a cycle, their Line Manager or appropriate appraiser shall determine the length of the first cycle, with a view to bringing their cycle into line with the cycle for other support staff as soon as possible.

During the course of the appraisal cycle there will be one interim review; in the Spring Term with regular performance conversations throughout the appraisal cycle (see section 4.4)

4.2 The Appraisal Process

All support staff will be allocated an appropriate appraiser by the headteacher/executive headteacher and an initial meeting will be scheduled for Autumn Term. For central staff outside of the school structure, staff will be allocated an appropriate appraiser by the Line Manager.

Appropriate appraisers may include the use of external consultants where necessary. In advance of the meeting, support staff should complete Support Staff Appraisal Planning Record Form (Appendix 1). The form should be presented to the appraiser prior to the meeting.

Support staff appraisal is everyone's responsibility, working together to engage in meaningful evidence-based performance conversations, with a focus on improvement and innovation. The performance review meeting is a shared conversation to celebrate success and review progress. Future objectives are agreed so that staff know what is expected of them and how they contribute to performance outcomes.

4.3 Reviewing Progress

At the first review meeting of the cycle, the appraiser will consider the performance of the appraisee against the objectives. At this stage discussions will take place whereby the appraiser and appraisee will consider the evidence presented in the Support Staff Appraisal Planning Record Form (Appendix 1) and agree whether expected performance standards have been met, following which the Support Staff Appraisal Statement Review (Appendix 2) summary will be agreed.

The opportunity is given where the appraiser can add comments which will support the appraisee's CPD.

During the course of the appraisal cycle there will be one interim review in the Spring Term. The outcome of the review will be recorded using the Support Staff Appraisal Statement Review Form (Appendix 2).

4.4 Regular performance conversations

Regular performance conversations support continuous improvement by ensuring:

- People have time and space to discuss how things are going and how they are feeling;
- People review, discuss and agree their work and understand what is expected of them;
- People take responsibility for their own performance, keep others informed of their progress, and ask for support when they need it; and
- People share ideas and information, and identify opportunities to collaborate and build relationships.

What will I get out of a performance conversation with my manager?

At the end of the appraisal cycle, assessment of performance against an objective will be on the basis of the assessment criteria set at the beginning of the cycle and reviewed during the cycle.

The review meeting reflects the regular individual performance conversations that are held throughout the year. Any concerns or issues will be dealt with as they arise, therefore there should be no surprises at the meeting.

4.5 Objective Setting

Managers can improve motivation and develop individual accountability by communicating priorities and involving staff in the development of their own objectives and performance outcomes. This may be through one-to-one discussions or involving the whole team. Objectives should be specific, measurable, achievable, realistic, time bound and equitable in relation to support staff with similar roles/responsibilities and experience. They will have regard to what can reasonably be expected of any member of the support staff to achieve their objectives.

All performance objectives should be consistent with the Trust's development needs, as identified in Improvement Plans. Staff may develop and submit draft objectives for discussion and approval by their manager.

It is important to identify any training or support required, and include this in the objective, clearly linking the learning to outcomes.

On occasion there may be a change in priorities or circumstances that necessitates a change to the agreed objectives. Once approved objectives can only be amended by the manager.

Support staff will not necessarily all have the same number of objectives and this will normally not exceed a maximum of three. Objectives for the year will be recorded in the Support Staff Appraisal Planning Record Form (Appendix 1), together with the success criteria and any training required, timescales and evidence.

4.6 Quality assurance

The Operational Line Manager, in conjunction with the headteacher/executive headteacher, will moderate all the support staff planning statements to verify that the plans recorded in the statements

- are consistent between those who have similar experience and similar levels of responsibility
- comply with the Support Staff Appraisal Policy and the requirements of equality legislation

5. INCREMENTAL PROGRESSION

The pay band for most posts allows for progression through the band on an annual basis, subject to satisfactory performance. Unsatisfactory performance is an unsatisfactory appraisal review in the 12 months prior to the increment review.

There is no automatic entitlement to an additional increment. The appraisal policy seeks to encourage and reward good performance in a fair and equitable manner. On an annual basis and in line with the appraisal cycle, an employee's appraiser will review performance which will include a decision on whether an increment should be awarded for satisfactory performance, or potentially withheld for unsatisfactory performance.

Employees who are not at the top of their pay band will normally be eligible to be considered for an increment on 1st April each year up to and including the maximum of their current pay band. This increase will be in addition to any annual nationally negotiated cost of living award applicable to the pay of all employees (with the exception of those on pay protection arrangements), effective 1 April each year, which is normally paid as a percentage of basic pay.

Where an employee has reached the maximum of the pay band, they will not be eligible for an incremental increase; however, the same performance criteria that apply to staff with pay band headroom will also be applied to staff at the top of the pay band.

6. APPEALS

An employee who has had an increment withheld following an appraisal review has the right of appeal. Staff must set out the grounds of any appeal in writing, using the Increment Review form (appendix 4) to their manager within 10 working days of being notified of the outcome of their appraisal review. If an increment is agreed on appeal it will be effective from the date it would originally have been applied. Staff cannot access the 'Resolving Issues at Work' procedure to appeal an increment review outcome.

7. CONFIDENTIALITY

The whole support staff appraisal process, and the statements generated under it, will be treated with strict confidentiality at all times.

8. CONSISTENCY OF TREATMENT AND FAIRNESS

The Local Governing Body are committed to ensuring consistency of treatment and fairness in the operation of this policy.

9. TRAINING AND SUPPORT

The Trust's Continuing Professional Development programme will be informed by the School Improvement Plans aligned with the training and development needs identified in the planning and review statements.

The Trust Board will ensure in the budget planning that, as far as possible, appropriate resources are made available in the budget for any training and support agreed for appraisees.

10. RETENTION OF STATEMENTS

Appraisal planning and review statements will be retained for a minimum period of 6 years.

11. MONITORING AND EVALUATION

The Trust Board will review the Appraisal process to ensure that it is fair and non-discriminatory.

The Operational Line Manager will evaluate the outcomes of the appraisal process annually and ensure that any training or resources provided have been beneficial and achieved the required results.

The findings of the monitoring and evaluation of the Appraisal process will be reported to the Staffing Committee of the Governing Body on an annual basis.

11. REVIEW OF THE POLICY

The Trust Board will review the support staff appraisal policy annually. The policy will be revised as required to ensure that it is always up to date.

The Trust will seek to agree any revisions to the policy with the recognised trade unions having regard to the results of the consultation with all support staff.

To ensure support staff are fully conversant with the professional development arrangements, all new support staff who join the Trust will be briefed on them as part of the induction process.
